Bit-Wizards Named to Inc. 5000 List of Fastest Growing Companies in America

Bit-Wizards ranks number 1617 with three-year sales growth of 198 percent.

FORT WALTON BEACH, Florida (August 13, 2009) – Bit-Wizards, a leading provider of custom software solutions in the Southeast, today announced that it has earned the position of 1617 on the 2009 Inc. 5000, Inc. Magazine's annual ranking of the fastest-growing private companies in America.

"It is a great distinction to be ranked among the most successful private companies in the United States," said Vincent Mayfield, President, Bit-Wizards. "This is a testament to our entire team's hard work and dedication as they constantly strive to deliver effective and innovative solutions for our clients."

Since debuting in 1991 with 100 of the fastest-growing private U.S. companies, then expanding the following year to the Inc. 500 and again in 2007 to the Inc. 5000, the list has served as evidence of the significant accomplishments of entrepreneurial companies. As an Inc. 5000 honoree, Bit-Wizards Custom Software Solutions shares a prestigious pedigree with some of the most successful businesses in America.

The 2009 Inc. 5000 list measures revenue growth from 2005 through 2008. To qualify, companies must be U.S.-based and privately held, independent – not subsidiaries or divisions of other companies – as of December 31, 2008, and have had at least \$200,000 in revenue in 2005, and \$2 million in 2007.
